

Cryptome

21 August 2011

Thanks to Matthijs Koot (<http://blog.cyberwar.nl/>) for noting that Andy Müller-Maguhn was removed from a list of certified advocates of Wikileaks shortly after beginning his on-going hatcheting of Daniel Domscheit-Berg:

As a follow-up to my previous question: please search Google for "site:wikileaks.ch maguhn" and confirm whether you see AMM mentioned in the search result on Google. If you made a copy of the August 13th cache, please keep it. Perhaps 2 copies of material that can't be authenticated make more convincing 'evidence' because both copies will be slightly different (although we could have manipulated it, etc)

I'm soliciting confirmations via Twitter and got two so far:

<https://twitter.com/-!ncikjohnston/status/104982047369605120>

<https://twitter.com/-!/RickeyGevers/status/104979423756943360>

Matthijs

And that the URL <http://www.wikileaks.ch/Media.html> now goes to <http://www.wikileaks.ch/Press.html> from which the following list was obtained.

site:wikileaks.ch maguhn - Google Search http://www.google.com/search?q=site:wikileaks.ch+maguhn&ie=utf-8&o...
